

CCRB 2014 Outcome Report On Programs Serving St. Charles County Children, Youth, and Families

Temporary Shelter – 71 youth provided shelter; 35 parents; 632 served through Safe Place: Temporary shelter services are provided through *Youth In Need* to adolescents aged 10 to 18 in crisis and who are in need of temporary safe housing and counseling. Shelter is provided in a 12-bed emergency residential center and the average stay is 5 to 6 days. The Safe Place program involves businesses and organizations identified as safe locations for youth at immediate risk of abuse. During 2014, 20 Safe Place and Youth Connection Helpline presentations were offered to businesses, children, and youth. Results of the 2014 goals reached include:

- 83% of clients showed improved family relationships and functioning at home
- 100% reported living in a safe situation following services

- 90% of youth showed an increase in coping and problem-solving skills and a reduction in destructive, aggressive, and/or illegal behavior
- 93% requesting help through Safe Place reported living in a safe situation

Respite Care Services – 419 children; 256 parents/caregivers: Ensuring the safety of St. Charles County children and youth through respite services are top priorities of the *Crisis Nursery* (3 locations), *Community Living, Inc.*, and the *Children's Home Society of Missouri*. An average of the agencies' 2014 goals reached included:

- 100% of children continued to reside in family home
- 100% of families reported reduction in stress

- 99% of families did not have a substantiated child abuse hotline report
- 100% of families were able to respond to a stressful situation without abusive behaviors

Services to Teen Moms/Parents – 359 youth; 164 parents: *Youth In Need* provides a variety of services for teen moms including counseling, parenting and infant care education and support groups. *Our Lady's Inn* provides a residential facility for pregnant women and their children with services provided through a Child Advocate. *Nurses for Newborns* provides intensive home visitation by qualified registered nurses to serve medically fragile families. The 2014 goal results were:

- 86% of youth progressed toward completing education
- 89% demonstrated use of positive parenting skills
