

2005 Children and Youth Services Fund!

Through the Community Children's Services Fund

*By the Community and Children's Resource Board of St. Charles County
(formerly called St. Charles Co. Children & Family Services Authority Board)*

Through the passage of Proposition 1 last November, we were able to expand services for children and youth beginning in 2005. Below is a list of agencies who received funding and a description of the services that they will offer. This information is made available in order to benefit those of you working with children and youth so that you are aware of resources for referral within our community.

Temporary Shelter Services- Youth In Need was funded to expand services to runaway youth. Additional youth will be served at their St. Charles shelter with the hopes of adding a facility in the western portion of our County.

Services to Unwed and Teenage Mothers and Mothers-to-be- Youth In Need was awarded funding to provide support to pregnant teens so they could have healthy pregnancies and births, with parenting support afterwards.

Outpatient Psychiatric Services- Crider Center for Mental Health and Catholic Family Services was given funding to expand their psychiatric services to youth.

Outpatient Substance Abuse Treatment Services- Preferred Family Healthcare and Bridgeway Counseling Services was given funding for outpatient treatment of drug and alcohol. Preferred Family will be opening a 2nd facility in the western portion of the County and Bridgeway will open their facility in St. Charles.

Crisis Intervention Services- Catholic Family Services will expand crisis intervention service hours in the parochial schools.

Transitional Living Services- Youth in Need will expand services to homeless teens, helping them complete their education, learn living skills and find employment.

School-based Prevention Services- Crider Center for Mental Health was given funding to provide an anti-violence and bullying curriculum in the public schools. Preferred Family Healthcare was funded to provide and antidrug curriculum in 3 school districts and the Child Center was awarded funding to provide sexual abuse prevention in the public and private schools. Catholic Family Services was awarded funding to provide antiviolence prevention in the parochial schools.

Home-based Family Intervention Services- The Partnership with Families program was continued, provided by both the Crider Center for Mental Health and FACT.

Counseling Services- Youth In Need and Lutheran Family & Children's Services were awarded funds to expand counseling services at their agencies.

Respite Care Services- The St. Louis Crisis Nursery was awarded funds to expand respite care services that prevent child abuse for children up to age 11.

2006 Children and Youth Services Fund

*Through the Community Children's Services Fund
By the Community and Children's Resource Board of St. Charles County
(formerly called St. Charles Co. Children & Family Services Authority Board)*

2009 Children and Youth Services Fund

Through the Community Children's Services Fund By the Community and Children's Resource Board of St. Charles County

Below is a list of agencies that are receiving 2009 calendar year funding and a description of the services that they will offer. This information is made available in order to benefit those of you working with children and youth so that you are aware of resources for referral within our community.

Temporary Shelter Services- Youth In Need provides services to runaway and homeless youth.

Services to Unwed and Teenage Mothers and Mothers-to-be- Youth In Need provides support to pregnant teens so they could have healthy pregnancies and births, with parenting support afterwards. Our Lady's Inn offers parenting education and child advocacy for children involved in the agency's transitional living program. Mary Queen of Angels helps teen moms with items such as diapers, cribs, and other essential baby items.

Outpatient Psychiatric Services- Crider Health Center and Catholic Family Services provide psychiatric services to youth.

Outpatient Substance Abuse Treatment Services- Preferred Family Healthcare and Bridgeway Behavioral Health deliver outpatient treatment of drug and alcohol services. Preferred Family has established a 2nd facility in the western portion of the County and both agencies work with school personnel for referrals and counseling needs.

Crisis Intervention Services- Parochial schools in St. Charles County receive crisis intervention services through Catholic Family Services.

Transitional Living Services- Youth in Need offers housing support to homeless teens while they complete their education, learn living skills and find employment.

School-based Prevention Services- Crider Health Center provides an anti-violence and bullying curriculum in the public schools and has added their Pinocchio early-intervention program to one school district in the county. Preferred Family Healthcare offers anti-drug curriculum and substance abuse counseling in four school districts and the Child Center continues to offer sexual abuse prevention in the public and private schools. Catholic Family Services teaches anti-violence prevention in the parochial schools.

Home and Community-based Services- The Partnership with Families program, a home, school and community-based program provided by both the Crider Health Center and FACT (Family Advocacy and Community Training), work with children and youth with a serious emotional disturbance and their families. Crider Health Center also offers the Mental Health Specialist program, a school and home-based project that will offer services for children and youth who have intensive mental health needs. St. Charles Crisis Nursery is being funded to provide home-based services to families needing respite assistance and on-going supervision and parent support services. Saints Joachim and Ann Care Service provides direct care services to homeless families with children and youth. United Services for the Handicapped provides educational services to children ages 3-5 who have been diagnosed with autism. The Eleventh Circuit Court offers a supervised visitation program for children and youth re-establishing relationships with non-custodial parents. Mid-MO Academy (Electus Academy) is receiving funding to assist with staff training to better serve at-risk youth in the educational setting.

Counseling Services- Youth In Need and Lutheran Family & Children's Services provide counseling services at their agencies. The Salvation Army offers counseling services for children and youth who are in homeless situations.

Respite Care Services- The St. Charles Crisis Nursery provides respite care services that prevent child abuse for children up to age 11. Children's Home Society and Family Support Services provide respite services to special needs children with both mental illness and developmental delay. Lutheran Family and Children Services offers a foster care respite program to provide short-term assistance to families in crisis.
